Kristine,

Please see below and attached from Carl.

Kristine – Please find attached the LWG’s response to EPA’s Proposed Dredge Depth Approach memorandum dated May 16, 2014. This information is being provided to EPA as part of the non-binding informal information exchange for the revised FS. We believe this information will be useful for discussions on alternative development during the July 31 and August 5 FS meetings, including distinguishing the depth of impact evaluation from the dredge depth assumptions.

Please let me know if you have any questions about the responses.

Thanks.

Carl

Let us know if you have any questions.

Thank you,
Jen Woronets ☺
